

Consumption

Kenneth Lundquist, Jr.

I, the zealot, illuminate-
Dominant in characterization,
Obvious hamarita alludes fashion,
Odium endowed to vivid observation.
Expostulation jettisoned for propensity,
Shrouded in eulogical possibility,
Juxtapositioned to perplexity.
Exuding in callowness
Repetition of boorishness-
A schematic of licentiousness.
Relished to be a Wanton!
Gratified to be a Sponge!
Enthralled to be a Minion!
Sphinx scale bewilderment.
Clues to the rune in puzzlement-
Absolute substratum, the principal element.
Pastoral association to ostracize,
Transience absent to fraternize,
Obvious oblivion to materialize.
Brilliance of luster rusted
Essence of vice quadruped,
Carcass in contempt diseased.
Saturnalain!
