Ken Lundquist, Jr.

Qualified in practice,  
Participants magistrated,  
A teacher is persistent,  
As the paneling is wood.  
To recognize dependency should,  
Advocate trust-  
It signifies the obvious.  
An era now shattered, for some,  
Emotion as cold as the aluminum,  
Others merely by less.  
An education commits thus:  
Every choice has its result,  
Every person is subject to fault,  
A fool thine would be to have forgot-  
Look to what you have been taught.
